Monday 27th April 2020

Good morning everyone,

I hope that you've all had a good weekend and that you and your families are all keeping safe and well.

I had quite an emotional start to the day today. As I unlocked the gates on Whitehouse Lane I noticed several pictures and posters that have been tied to the school fence thanking us for the work that we are doing. It was a real 'lump in the throat' moment. I'm not sure who is responsible for these but a sincere thank you to those that are. All the staff at Highfields are proud to be able to play our part in supporting key workers throughout this horrible situation.

Many thanks to those of you who have completed some of my 2.6/26 challenges last week. The challenges will keep coming this week and I hope to receive many emails from you.

Take care everyone,

Mr Dyson

Mr Dyson's daily challenge

Today's challenge is a science one. This topic is included in the Year 5 scheme of work but anyone is able to have a go. For those in Y6 this could be good revision, and for those who haven't reached Year 5 yet it will give you a good headstart for when you do. It is a 3 part challenge:

1. Find all the words in the wordsearch (next page)
2. Write all of the planets in order (nearest to the sun first)
3. Choose 10 words (or however many you want to) and write an interesting fact about each.

Planets
